

## **BMO Puts Its Brand on Clock in New Qplex in Quispamsis**

**Known for providing clients with timely advice on their finances**

**QUISPAMISIS, October 25, 2010** – BMO Financial Group and the Town of Quispamsis today announced that BMO is the official score clock sponsor in the much anticipated qplex set to open early next year.

“My colleagues and I in the Kennebecasis Valley are proud to have the BMO blue associated with this state-of-the-art sports, recreational and wellness facility that will bring together business, sports and the community while fully respecting the environment,” said Christine Cooper, Vice President, New Brunswick & PEI, BMO Bank of Montreal.” We’re known for providing timely advice to our customers and now fans and participants will be able to count on BMO as the score keeper and the official banking partner of the qplex and the Town of Quispamsis.”

“This is the last major sponsorship opportunity in the qplex portfolio, other than the naming rights to the building,” said Quispamsis Mayor Murray Driscoll in announcing the ten-year agreement. BMO is a great “numbers” organization, and it is somewhat fitting that their score clock sponsorship rounds off our Capital Campaign.”

About the qplex:

- NHL size hockey rink surface seating for 1200, surrounded by a three-lane walking track;
- Geo-thermal heated swimming pool with a capacity of 340 people;
- Large rubber surfaced and accessible playground;
- Conference facility, with one to three room configurations for 240 people;
- LEED gold standard facility;
- WIFI and fibre optical communications;
- YMCA/YWCA community centre on site;
- Various amenities for persons with a disability including an elevator and see through rink boards.

“This partnership demonstrates our commitment to Quispamsis and the Kennebecasis Valley and to supporting sports and the wellness of individuals and, of course, the businesses we enjoy serving,” added BMO’s Christine Cooper.

See the website [www.qplex.quispamsis.ca](http://www.qplex.quispamsis.ca) for more information on the qplex.
