

Scent-Free Policy for Municipal Facilities

Intent: Due to the health concerns arising from exposure to scented products, and considering the wellbeing of our employees and the general public that use our facilities, the Town of Quispamsis has instituted this policy to provide a scent-free environment for all employees and visitors to our municipal facilities.

Definitions:

The use of scented cleaning and personal hygiene products will not be allowed in municipal buildings at any time. The Town of Quispamsis will strive to eliminate scented products from all municipal buildings and requires the cooperation of all employees and visitors to accomplish this.

The following products can cause negative health reactions to employees and visitors to our facilities and are not to be used in municipal buildings:

- a) Scented perfumes, colognes, hand soap, sanitizers and deodorants
- b) Hairspray
- c) Air fresheners and deodorizers
- d) Scented candles, potpourri and oils

Procedure:

- a) The Town will only purchase cleaning products that are unscented and friendly to the environment.
- b) Employees and visitors will be asked through signage and promotional materials, not to use or wear scented products while in municipal facilities.
- c) The policy will be supported with the cooperation of all Town staff.
