

Notice to Motorists in Quispamsis

The Town of Quispamsis is currently undergoing expansion to its watermain distribution system and motorists travelling within the Town should be advised of construction activity in the following areas:

- 1) Hampton Road – from Millican Drive to Old Coach Road
- 2) Millican Drive

Alternating one way traffic is expected on Millican Drive. Hampton Road is currently undergoing paving activity and short delays may occur. Completion is expected by early November. Any inquiries should be directed to CBCL Ltd. at 633-6650 or the Town's Engineering Dept. at 849-5778.

The asphalt resurfacing will be wrapping up over the next few weeks with the majority of paving complete. Minor areas yet to be completed are:

- 1) Quispamsis Road/Brandon Street intersection
- 2) Wellington Court – at cul de sac
- 3) Minstrel Lane – permanent speed hump construction

Alternating one way traffic is expected throughout the duration of these paving projects. Construction is expected to be complete by the end of October. Any inquiries should be directed to Dillon Consulting at 633-5000 or the Town's Engineering Dept. at 849-5778.

The Town appreciates the patience and support of its residents and visitors.
